

Local Visitation der Pfarre Wermsdorf im Jahre 1618, Bericht, 18seitig.Sammlung Ulf Müller, Mahlis,  
0009

Blatt 9

| <b>Zeilen</b> | <b>Transkription</b> | <b>Anmerkungen</b> |
|---------------|----------------------|--------------------|
| Zeile 1       |                      |                    |
| Zeile 2       |                      |                    |
| Zeile 3       |                      |                    |
| Zeile 4       |                      |                    |
| Zeile 5       |                      |                    |
| Zeile 6       |                      |                    |
| Zeile 7       |                      |                    |
| Zeile 8       |                      |                    |
| Zeile 9       |                      |                    |
| Zeile 10      |                      |                    |
| Zeile 11      |                      |                    |
| Zeile 12      |                      |                    |
| Zeile 13      |                      |                    |
| Zeile 14      |                      |                    |
| Zeile 15      |                      |                    |
| Zeile 16      |                      |                    |
| Zeile 17      |                      |                    |
| Zeile 18      |                      |                    |
| Zeile 19      |                      |                    |
| Zeile 20      |                      |                    |
| Zeile 21      |                      |                    |
| Zeile 22      |                      |                    |
| Zeile 23      |                      |                    |
| Zeile 24      |                      |                    |
| Zeile 25      |                      |                    |
| Zeile 26      |                      |                    |
| Zeile 27      |                      |                    |
| Zeile 28      |                      |                    |
|               |                      |                    |
|               |                      |                    |
|               |                      |                    |
